Professional Summary

Full-Stack Software Developer with 7+ years of experience building and optimizing enterprise applications across energy, manufacturing, and technology sectors. Expertise in .NET, C#, Angular, React, REST APIs, RPA (UiPath), and SQL/Oracle databases. Proven track record in system integration, automation, and performance optimization, delivering solutions that improve efficiency, reduce downtime, and enhance user experience. Experienced working in multicultural Agile teams across the Middle East and Asia.

Technical Skills

Programming: C#, VB, JavaScript, TypeScript

Frameworks & Libraries: ASP.NET MVC, .NET Core, Angular, React, Vue.js, Flutter, Magic XPA

API Development: RESTful APIs, Web Services, Third-party Integrations

Databases: MS SQL Server, Oracle, MySQL (Schema Design, Performance Tuning)

Automation & Analytics: UiPath Robotic Process Automation (RPA), Power BI, n8n

DevOps & Version Control: Git, GitHub, Continuous Integration/Continuous Deployment (CI/CD), Docker

Architecture Patterns: MVC, MVVM

Work History

Software Developer | Aldrees Petroleum & Transport Services Company

Riyadh, KSA | Mar 2023 – Present

- Developed and maintained 5+ enterprise systems, improving business workflow efficiency by 25%.
- Built 10+ RESTful APIs and integrated third-party services, reducing manual processing by 30%.
- Implemented UiPath automation, improving operational efficiency by 35%.
- Resolved critical production issues and maintained 99.9% system uptime.
- Optimized SQL Server databases, improving query performance by 45%.
- Delivered training and documentation for 20+ users, reducing support requests by 30%.

Software Developer | IT Managers Inc. (Client: Analog Devices Inc.)

Mandaluyong City, Philippines | Oct 2021 – Feb 2023

- Developed 8+ custom business systems, improving operational efficiency and user satisfaction by 30%.
- Performed system troubleshooting and maintenance, reducing downtime by 35%.
- Optimized SQL databases through indexing and tuning, improving performance by 40%.
- Provided user training and technical support for 30+ users, increasing system adoption.

IT Staff | Wuhan Fiberhome International Technologies Phils. Inc.

Cavite, Philippines | May 2019 – Oct 2021

- Provided technical support for 50+ users, resolving 90% of issues within SLA.
- Identified system bottlenecks and implemented improvements that increased performance by 30%.
- Delivered onboarding and system training, improving adoption and reducing onboarding time by 20%.

Software Developer | HRD Singapore PTE. LTD.

Cavite, Philippines | Jan 2018 – May 2019

- Developed 10+ custom software solutions, improving operational efficiency by 25%.
- Resolved 100+ technical issues, improving system reliability and reducing disruptions by 30%.
- Managed SQL databases with backup and monitoring strategies ensuring 99.9% availability.
- Provided responsive technical support and guidance to 40+ users, increasing overall system satisfaction by 20% and improving adoption rates.

Education

Bachelor of Science in Information Technology | STI College Dasmariñas

June 2011 – October 2016

Certifications & Training

- Introduction to AI and Machine Learning - Anexas Europe, December 2025
- Power BI - Florence Fennel Informatica Private Limited, February 2025
- DevOps Fundamentals – Udemy, September 2023
- Android Application Development – Udemy, September 2023
- RPA Developer Foundation – UiPath, July 2023
- Magic XPA Training Course – HRD Singapore PTE. LTD., January 2018 – February 2018
